"First 100 customers" promotion rules

VERSION 1.1 · EFFECTIVE FROM 12 OCTOBER 2026 · AITY CLOUD SRL

Romanian version · Download PDF

The promotion is organised by **AITY CLOUD SRL**, a Romanian limited liability company, with its registered office at SACEL no. 1003, Săcel Village, Săcel Commune, Maramureș County, postal code 437290, Romania, tax ID 39458128 (VAT RO39458128), Trade Register J2018000824245, EUID ROONRC.J2018000824245, subscribed and paid-up share capital RON 5,000, correspondence address Str. Heliade Între Vii no. 35, postal code 023382, Sector 2, Bucharest, Romania, telephone +40735850896 (Monday-Friday, 09:00-18:00 Romanian time), e-mail office@aity.ro. The Romanian and English versions are both official; in case of divergence, the Romanian version prevails.

1. The benefit

An eligible Customer uses **MAity** (the aity Platform service described in Schedule A of the Terms of Service), on the **START** or **PLUS** plan, **free of charge for 12 calendar months from the first seat activation**, for up to **10 active seats** in the organisation. Creating an account, verifying a card or provisioning an organisation does not start this period.

The promotion does not include an eleventh seat, EXPERT or Enterprise. The ten-seat limit applies across START and PLUS together; while the organisation benefits from the promotion, no more than ten seats and no seats on other plans can be activated. Domain registrations, domain renewals and other separately ordered services or extras remain payable under their own Order; they are not included in the free MAity seats.

Card verification is mandatory, including for promotional access, to prevent abuse and enrol the payment method for subsequent recurring payments. Any temporary verification hold is not a charge for the free seats. Before accepting the Order, the Customer is shown the recurring-payment conditions and the price that applies after the free period.

2. Who can take part

Business Customers whose MAity organisation activates its first START or PLUS seat during the campaign, on a domain they control, may qualify. One place is granted per organisation. An organisation created before the campaign may qualify if its trial has not started and its first seat activation occurs during the campaign.

Organisations whose first seat was already activated before the campaign are not eligible and do not consume promotional places.

3. Allocation of places

100 places are available in total. A place is allocated when the first eligible seat is activated, subject to availability at that moment. Registration, card verification and provisioning do not reserve a place. The organisation's subscription shows whether the promotion applies and when its free period ends. The count shown on the website is informative and updated periodically; it is not a reservation or a guarantee of availability.

An allocated place is not made available again when the organisation cancels. If no promotional place remains, the ordinary trial and paid-subscription conditions disclosed in the accepted Order apply.

The Provider may refuse or withdraw an allocation if the same entity uses several organisations or domains to obtain several places, if the registration data is not genuine, or if the Service is used in breach of the Acceptable Use Policy.

4. Duration

The promotion started on 30 September 2026 and ends when all 100 places have been allocated. The Provider may end the promotion earlier by a notice published on this page; a benefit already confirmed is granted in full.

5. After the 12 months

Unless the Customer stops automatic renewal before the free period ends, the subscription continues automatically as a paid subscription and the enrolled payment method is charged. No new opt-in or manual continuation request is required. The accepted Order records the applicable plan, Subscription Period and recurring-payment conditions.

The monthly list prices are **RON 25 per active START seat** and **RON 45 per active PLUS seat**, excluding VAT. The Subscription Period can be 1, 3, 6 or 12 months, with a discount of 0%, 5%, 10% or 15% respectively on the monthly list price; an invoice covers the full selected Subscription Period, with VAT. A later price change follows the notice and cancellation rules in the Terms of Service; the promotional period itself remains free.

The Customer can select **“Oprește reînnoirea automată”** in the subscription settings before the period ends. Cancellation takes effect at the end of the current period and prevents its renewal charge. No payment is owed retrospectively for the free seats. Separately ordered domains or extras remain governed by their own payment and cancellation conditions.

6. Combination with other offers

For the free period, the promotion is not combined with the ordinary trial period or any other discount. After the free period, the discount matching the selected Subscription Period applies.

7. Other provisions

An organisation that is allocated a place is governed by the version of these rules included in its accepted Order, which it supplements; if the accepted Order does not include these rules, the version in force on the date of allocation applies. Previous versions remain available as PDF. Anything not covered here is governed by the Terms of Service, including section 5.5 on free offers. The processing of personal data is described in the Privacy Policy. Questions about the promotion go to business@aity.ro.

Version history

VERSION	DATE	CHANGES
1.1	12 October 2026	Monthly list prices after the free period: RON 25 per START seat and RON 45 per PLUS seat, excluding VAT. Section 4 states the promotion start date, 30 September 2026.
1.0	30 September 2026	First published version.
